

MINI SWEEPER

LS175

Big performance in a compact frame.

The LS175 is specifically designed to access the spaces where full-size sweepers can't go—sidewalks, alleys, markets, bike lanes, and more. With a 48" wide closed cab and high-dump capability, it delivers the cleaning power of a large sweeper in a compact, operator-friendly package.

WHERE IT WORKS BEST

The LS175 is trusted by municipalities, contractors, airports, transit hubs, healthcare facilities, campuses, and industrial sites. Wherever tight spaces and heavy debris challenge traditional sweepers, the LS175 delivers unmatched versatility, safety, and performance.

WHAT SETS IT APART

Compact access. Heavy-duty power.

As the only 48" wide closed-cabin, high-dump sweeper manufactured in North America, the LS175 combines maneuverability with durability. With a stainless steel hopper, 1.75 cu. yd. capacity, and rugged hydrostatic drive, it's built for years of reliable performance. A CDL is not required, making deployment fast, safe, and cost-efficient.

TECHNICAL SPECIFICATIONS

Drive

Rear wheel drive fully controlled by electric pedal

Sweeping width

From 44 in. (1118 mm) to 80 in. (2032 mm)

Engine

Hatz Tier 4 Final engine
3H50TIC 3 cyl. turbo

Vacuum rating

Up to 2000 CFM

Maximum speed

15 mph (24 km/h)

Fuel tank

21.1 gal. (80 L)

Litter capacity

1.75 cu.yd.
(1.34 m³ / 353 US gal.)

Container payload

2000 lbs (907 kg)

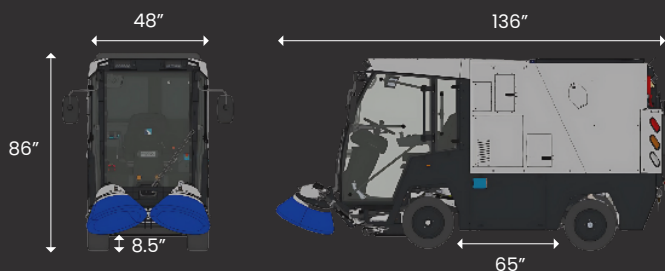

Maximum gradeability

20%

KEY FEATURES AND BENEFITS

- ▶ **COMPACT SWEEPER, FULL-SCALE RESULTS**
Easily navigates areas off-limits to larger sweepers while maintaining exceptional suction and sweeping power. Its 48" wide design makes it ideal for dense urban areas and confined environments.
- ▶ **OPERATOR COMFORT AND CONTROL**
The enclosed cab offers 200° visibility, HVAC, heated options, and an ergonomic suspended seat for long shifts. Intuitive joystick-controlled brushes allow precise, fatigue-free operation.
- ▶ **BUILT FOR RELIABILITY**
Heavy-duty welded steel frame and stainless-steel hopper guarantee durability in demanding conditions. With a 10–12 year lifespan, the LS175 outlasts most competitors in its class.
- ▶ **STREET LEGAL AND EASY TO OPERATE**
Fully equipped with legal lighting and no CDL requirement, the LS175 is quick to deploy and simple to train operators on. Support is backed by OEM parts shipped within 48 hours.

BUILT YOUR WAY

Equip your machine with the tools and features that match your daily challenges. Whether you're enhancing safety, comfort, or versatility, these optional add-ons help you get more out of every shift:

RETRACTABLE WANDER HOSE (STOWED):

For remote or hard-to-reach debris collection

PRESSURE WASHER GUN

Tackle tough stains and clean surfaces on the go

RADIO WITH CD & MP3 PLAYBACK

Keep operators informed and comfortable during long shifts

HEATED MIRRORS

Maintain visibility in cold and wet conditions

FIRE EXTINGUISHER

Added safety for high-risk or remote job sites

FLAT-PROOFING FOR TIRES

Keep rolling longer with reduced risk of punctures
