VACALLTM

AllJetVac

COMBO SEWER CLEANER

SETTING NEW VALUE & PERFORMANCE STANDARDS IN SEWER LINE MAINTENANCE

The Best Combination Sewer Cleaner on The Market

AllJetVac combination sewer cleaners provide contractors and governments with excellent jetting action and superior vacuum power to efficiently open clogged sewer lines and perform needed maintenance.

» GALVANIZED DEBRIS BODY

Optional supreme finish that carries a lifetime warranty.

» SINGLE ENGINE

Reduces fuel consumption, emissions, noise, and maintenance.

» SUPERIOR PERFORMANCE

High-efficiency jetting action and vacuum power to clear and maintain sewer lines.

» VERSATILE MODELS

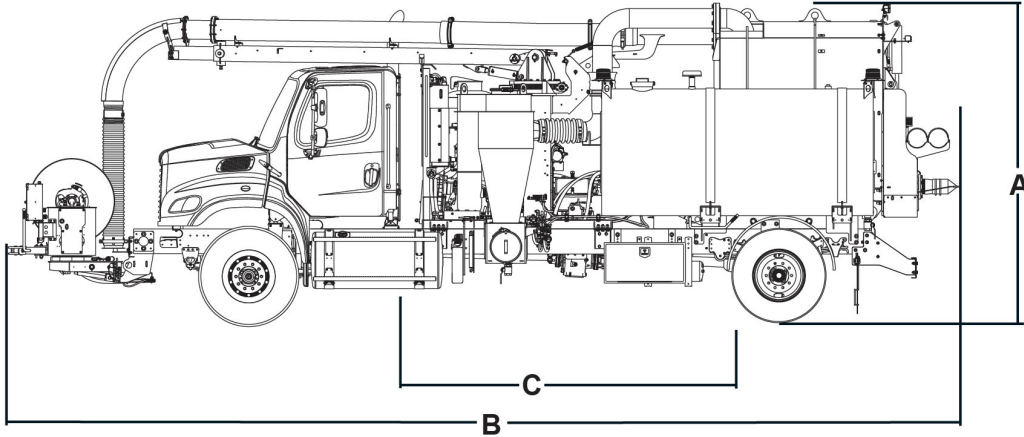

P-Series (front hose reel), R-Series (rear hose reel), and Recycler (continuous water recycling).

» CUSTOMIZABLE OPTIONS

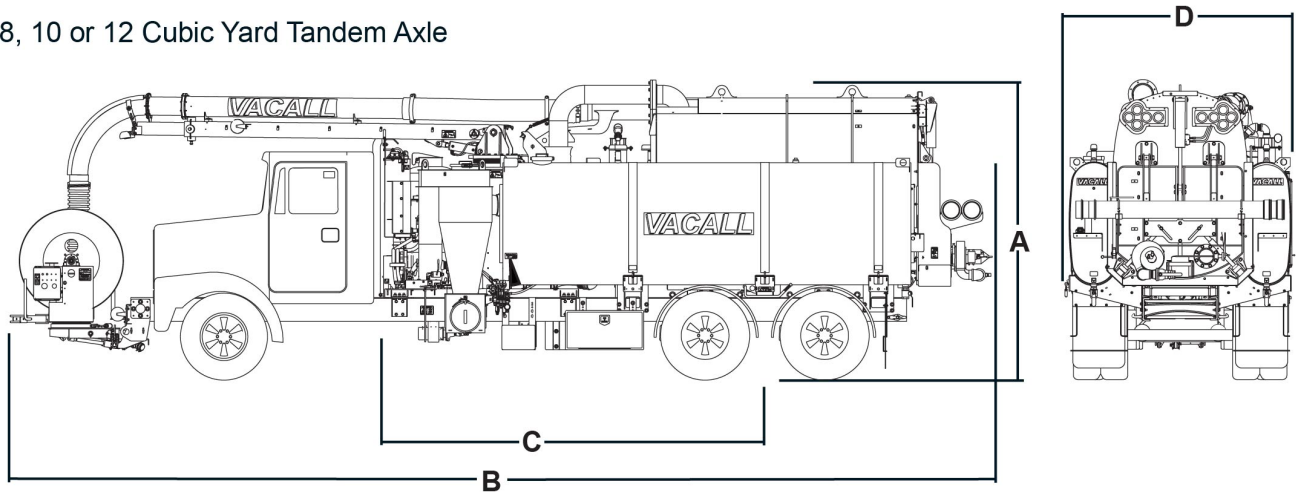

Various power modules, hose reel positions, and debris/water tank capacities.

6 Cubic yard Single Axle

8, 10 or 12 Cubic Yard Tandem Axle
